

## JOB DESCRIPTION

**Title:** PRODUCTION OPERATOR (Extrusion Department)

**Reports to:** Factory Manager

**Location:** Antrim – Daewoo Site

**Job purpose:** In an automated environment you will manufacture and produce products in a safe and timely manner.

### **Your responsibilities will include:**

- Separating products based on quality assessments
- Identify problems and make corrective adjustments to maintain a consistent quality product
- Assist in the setup and operating of tooling and extrusion equipment
- Produce lengths of uPVC window/door frames (known as profile)
- Carrying out daily checks on machines, reporting faults and follow-up repairs
- Cleaning and maintaining your own working area
- Completing the batch/production record sheets and associated paperwork
- Maintaining all aspects of health and safety in line with training and work area
- Maintaining efficiency and meeting targets.

### **Benefits**

- Personal protective equipment/clothing.
- Full Induction
- On the job training.
- Excellent rates of pay
- Overtime available

You will be working as part of a team within continental shifts on a variety of production lines in line with experience gained.

### **Your skills:**

- Excellent attention to detail.
- Ability to work in a fast paced environment.
- A good level of English and Maths (20 minute aptitude test)
- Previous experience in manufacturing would be helpful but not essential

**Pay rate: £10.25 per hour based on continental shifts**

**Application forms available from: <http://www.inlitenwindows.com/recruitment>**

**NOTES:** This job description will be subject to review in light of changing circumstances and may include other duties and responsibilities as may be determined in consultation with the jobholder. It is not intended to be rigid and inflexible, but should be regarded as providing guidelines within which the individual works.
